Project Charter: **Insight**

Background

The project is for learning purposes and is an assignment. It is about Social Media.

Goals

- It tells the user which social network he should use
- It is easy to navigate and understand the concept of the page. It is also structured.
- It is also well designed and the text is easy to read

Scope

The user easily on a well structured site. The test he takes only contains questions that are easy to understand and help the page to find the perfect social network for the user. The page has a flat minimalistic design.

The page is fast and responsive.

The site doesn't ask any questions that are too personal. The page is not overloaded with information.

Key Stakeholders

Project manager	Engleder Lucas, Leeb Alexander
Project team members	Leeb Alexander, Engleder Lucas

Project Milestones

[Identify the significant project milestones: start date, end date and invoicing dates to the client.]

8.11.2017

unknown

Constraints, Assumptions, Risks and Dependencies

Constraints	Leisure and School time, possible upcoming tests
Assumptions	We have enough time to finish the project in a small amount of time
Risks and Dependencies	The risk of not following our goals and guidelines. Not working together properly
